Guard Your Country . . . and Your Loved Ones

★

Right now, thousands of young American soldiers and sailors are risking their lives to protect *yours*. Patriotism, your own self-protection, demands that you do your part, now!

Start buying United States Defense Savings Bonds and Stamps immediately. Back down the aggressors with your dollars. Bonds are on sale at banks and post offices. They cost as little as $18.75. Put your dimes in Defense Stamps and they, too, will go to work.

America needs your money for a very important reason—to safeguard *your country, your life.*

Four Flags Flew

The State of Delaware has the distinction of having had the flags of four nations floating over its soil at various times; namely, The Netherlands, Sweden, Great Britain and the United States of America.

Now Playing At D. C. Theatre

LOVE DRAMA — Glamorous Paulette Goddard and Charles Boyer shown in an intimate moment of Paramount's great romantic film, "Hold Back the Dawn," now playing at the Daly City theatre. Boyer and Paulette are co-starred with lovely Olivia de Havilland.

My Week

by Eleanor Roosevelt

UNKNOWN SOLDIERS TOMB

One morning, two children, who were staying in the house, decided they would like to go to see the Unknown Soldiers Tomb, so we took them there and to Rock Creek cemetery to see St. Gauden's memorial. To me, that memorial is one of the most beautiful things in Washington, in snow or sunshine.

I said my prayers of thankfulness and of hope, with my eyes fixed on that strangely enigmatic woman's face. She lived a full life, I am sure, but I am never quite certain whether she just became resigned, or whether life gave her a complete and peaceful contentment.

Back for luncheon, after which some of our guests left, so that I spent a fairly quiet two hours in my sitting room before Mrs. Aymar Johnson came in with some English children who are staying with her. Later, about 15 political science students from Mt. Holyoke, with their

Maintaining and Operating

For the fiscal year ending June 30, 1938, the total Panama canal expenses amounted to $12,648,594.48. The total earnings of the canal for that year amounted to $3,252,970.16.

New Devices

Two new devices are an electric razor that operates on a pocket-size dry battery and a machine that separates good seeds from bad ones.

Mrs. Roosevelt

(Continued from Page 1)

teacher, Miss Victoria Schuck, came to see me.

They asked a number of questions and I arranged for them to go to the Office of Civilian Defense to find out all they could about our work. Miss Jane Seaver, of our youth activities division, came to us from Mt. Holyoke, so I am sure they found a friend and made use of the Washington Bureau of the International Student Service also.

• • •

WOMEN'S SERVICE

After writing my column one afternoon, I went over at 6:30 to the opening of the American Women's Voluntary Service Club house. They have been given the use of Mrs. Sumner Welles' stable, and they are to use it for their activities.

I hope that the attendance at the opening means that they will have a large number of workers, because I feel sure that there is plenty for them to do. There are too few places in this city for the newcomers who are department workers, or for the influx of sightseers from the camps, etc., to meet in a congenial atmosphere.

After dinner, I went up to the Library of Congress to the opening of an exhibition of South American posters. A few of our own are also shown, but I do not think we have yet learned to use our best artists, so our posters do not seem to be quite as vivid and colorful as some of those from the South American countries.

I was struck by the fact that so many of them dealt with questions of social security, housing and youth activities. I hope a great many people will see this exhibition.

• • •

TRIP TO BOSTON

Back from the poster exhibit, I dressed for the train, then had a short talk with one of the assistant directors of Civilian Defense and, finally, Miss Thompson and I made the 11:00 train for Boston. We arrived there next morning and after breakfast at the Hotel Statler, drove out to Hingham with Mrs. Frances MacGregor.

I would hardly have come at the present time, if I had not broken this engagement when I went west right after Pearl Harbor. I have been able to do some of the things which I had to give up at that time, but I am afraid I shall never be able to catch up on others.

• • •

PRESIDENT'S MESSAGE

I listened to the President's message over the radio and wished that I could be in two places at once. It is rather an interesting thing, when you are accustomed to watching a person speak, to hear him now and then over the radio, and to have an idea of how it seems to other people who never actually see the person face to face, even when they know his voice quite well and have listened to him many times on the air.

The war news seemed a little better that evening and for some reason we all seemed in a carefree mood at dinner. Perhaps I was just happy myself because I had talked to Franklin Jr. and so imagined that everyone shared my mood.

Pedestrian

A pedestrian is a man who has two cars, a wife and a daughter.

Undergraduate Favorites

SWEATER, SKIRT AND BLAZER ENSEMBLES in three bright colors are campus favorites. Patricia Ryan, CBS actress heard on Columbia network's "Aunt Jenny's Real Life Stories," chooses for her color scheme a forest green wool skirt with front and back box pleats, bright yellow long torso pullover sweater and fireman's red blazer piped in green. Girls home for the holidays will be wanting two or three of these outfits to mix or match. (Talk of the Teens Suit)

MUNITION BASE

I had a chance to see the tremendous development at the naval ammunition base at Hingham, Mass., the next day. Then, before lunch, our hostesses, Mrs. Gordon MacGregor and Mrs. Janet Raymond, took us to a meeting of the League of Women Voters. Afterwards, Mrs. MacGregor and I went over all the very beautiful pictures for her book. Then Miss Thompson and I caught the 4:20 plane and arrived in New York city in time to dine at home and go to the theater.

THEATER PICKETS

I had planned on seeing "In Time to Come," but on getting out of the taxi, I was confronted by two pickets who belonged to the musicians union. I do not cross a picket line and so I turned in my tickets. Mr. Meyer Davis and his daughter, who came up while I was standing on the sidewalk, felt as I did about crossing the picket line.

We crossed the street and obtained tickets for "Best Foot Forward," which gave us an entertaining evening before we caught the night train to Washington.

Unique Masonry

Unique masonry built by the Tuscarora Indians before white settlements in the United States still remains in fine preservation at Magazine Springs, N. C.

For Birthdays and Mirthdays

Children take great delight in foods decorated with a name, a numeral or perhaps a symbol that has to do with a certain day. Adults, who are merely grown-up children, are just as pleased — and quite often much more effusive in their compliments.

The candle-laden birthday cake with "Happy Birthday, Bobby" piped with a pastry tube, and featuring "five," "six," or "ten" in a frosted numeral, is an old, old favorite. Frosted cup cakes with a single candle in the center are a more modern innovation.

But here is a suggestion for a decorated dessert that is just the thing to finish a heavy meal, or to serve at a mid-afternoon lunch that must be kept so light that the evening dinner will be enjoyable later. It's equally good for birthdays or mirthdays — those anniversaries, holidays or plain get-together days that are always arriving. Just change the garnishing to suit the day.

It's a healthful dish, an economical dish and an attractive dish. No eggs are needed. Boiling or baking are unnecessary. What more could you ask for?

Birthday Rennet-Custard

2 cups milk (not canned)
1 package vanilla rennet powder
Butter frosting tinted pink

Set out 4 or 5 dessert dishes or custard cups. Warm milk slowly, stirring constantly. Test a drop on inside of wrist frequently. When COMFORTABLY WARM, (110°F.), not hot, remove at once from stove. Stir contents of package vanilla rennet powder into milk briskly until dissolved — not over one minute. Pour at once, while still liquid, into individual dessert dishes or custard cups. Do not move until firm — about 10 minutes. Chill in refrigerator. Just before serving, garnish by piping pink butter frosting (or whipped cream) in the form of a number representing the child's age, on the center of the rennet-custard; decorate with piped rosettes. Serve with pink frosted cup cakes, each bearing a single birthday candle. Serves 4 or 5.

Harmonious Pair

Printed flat mohair harmonizes well with mahogany for an informal setting. Mohair is excellent as an upholstery fabric as it is durable, washable and not likely to fade.

Military Parks

Two national military parks, Moore's Creek battlefield and Guilford Courthouse battlefield are located in North Carolina.

Candy Consumption

The per capita consumption of the average person is 16 pounds.

Butterflies Symbolize Immortality

Because butterflies symbolize immortality in Chinese myth, says an article in the magazine Natural History, jade carvings of butterflies were often buried with the dead in old China.

Varnish Making in India

There are many possibilities in India for varnish making from natural products, according to findings of the Botanical Survey there. A large number of trees and plants yielding gum resins grow in the Indian fields and hills.

How About a Chocolate Pie?

By Frances Lee Barton

SERVE a chocolate pie and watch the men as well as the children ask for "seconds." Make it a chocolate coconut cream pie and you are the Queen of the home. Few dishes appeal so strongly to that proverbial "sweet tooth."

Chocolate Coconut Cream Pie

3 squares unsweetened chocolate; 2½ cups milk; 1 cup sugar; 6 tablespoons flour; ½ teaspoon salt; 2 egg yolks, slightly beaten; 2 tablespoons butter; 1 teaspoon vanilla; 1 baked 9-inch pie shell. 2 egg whites; 4 tablespoons sugar; ½ cup shredded coconut.

Add chocolate to milk and heat in double boiler. When chocolate is melted, beat with rotary egg beater until blended. Combine sugar, flour, and salt; add gradually to chocolate mixture and cook until thickened, stirring constantly, then continue cooking 10 minutes stirring occasionally. Pour small amount of mixture over egg yolks, stirring vigorously; return to double boiler and cook 2 minutes longer. Add butter and vanilla and cool. Turn into pie shell. Beat egg whites until foamy throughout; add sugar, 2 tablespoons at a time, beating after each addition until sugar is blended. Then continue beating until mixture will stand in peaks. Pile lightly on filling. Sprinkle with coconut. Bake in moderate oven (350° F.) 15 minutes, or until delicately browned.

MARS SETS THE MODE

Passed by Censor

CANADA is calling up some thousands of women for duty in the auxiliary services of the Dominion's army and air force. The women are not drafted but volunteer, and they are relieving men for battle. Distinctive uniforms have been designed for these women by a Canadian fashion expert. The photograph shows a member of the Canadian Women's Army Corps wearing her winter great coat which has a half-belted back, wide collar which can button close to the neck for warmth, slashed pockets and beech brown shoulder straps to contrast with the khaki and brass buttons. The back of the cap can be folded down to protect the hair and neck in stormy weather.

Part of Language

Many registered trade-marks solely owned by a manufacturer, have been so widely applied to similar products that they have become a part of our language and are found in dictionaries. Among them are autogiro, cellophane, ethyl, mercurochrome, parcheesi, pyrex, teletype and zipper.

Took 20 Years

George Grey Barnard worked 20 years on his "A Monument to Democracy," popularly called the "Rainbow Arch."

Largest Star Sapphire

The Star of India, weighing 563 carats, is the largest star sapphire known. It was brought from India over 30 years ago and is now in the Morgan collection of gems at the American Museum of Natural History in New York.

It's a Fact

Strange things happen to food at high altitudes. In an airliner 10,000 feet up, a three-minute egg takes 12 minutes to boil, an ordinary cake collapses, and soup in a regular vacuum bottle boils and blows the cork out.

Chief Source of Revenue

Chief source of revenue in the Bahamas are the tourist trade, sponge growing, sisal cultivations and the production of straw hats and baskets from this plant. Agriculture is rapidly being developed and there is an increasing production of jewelry from tortoise-shell and sea-shells.

Colored Fish

The marine gardens off the coast of Nassau are famous for their beautifully colored fish and strange but lovely undersea formations of coral which can be viewed through the crystal-clear waters from glass-bottomed boats which make regular trips from Prince George's Wharf.

CAULIFLOWER:

Sold By The Pound???

When cauliflower is advertised as "big" it's pretty hard to tell how big . . . so you can't tell if it's a bargain or not. Even when you stand before a bin of cauliflower you can't compare all the heads for value. At Safeway all this is unnecessary . . . the cost per head is computed by weight, so that no matter what size you select . . . large or small . . . you are assured of full value for your money.

CAULIFLOWER	Fine Quality	lb. 5½¢
CELERY	Utah type—fancy quality	lb. 5½¢
LETTUCE	Large Solid Heads	lb. 4½¢
RUTABAGAS	U. S. No. 1 Quality—Washed	3 lbs. 10¢

ORANGES

Navels choice to fancy grade, for juice, all sizes 5 lbs. 19¢

Sunkist fancy quality, Large Size for Table Use Pound 5½¢

Apples	Calif. Newton Pippins	6 lbs. 25¢

Regular meeting, Penguin club.

Checkup on Lighting

Because shorter days mean that most workers have to drive home after sunset, motorists are urged to give special attention to the efficiency of their lighting equipment. Headlights should be checked to comply with the law and tail lights should be inspected to see that they are in working order and are bright enough to be visible at a distance of 500 feet. Motorists should also remember that they are now required by law to use the lower headlight beams when coming within 500 feet of an approaching car.

'Breaking' Into Movies

Two husky young men of 16 and 17 have been visiting all the studios in Hollywood by a simple trick. They buy some lumber—usually just one long board—and carry it in one of the side or rear gates. Once on a lot they're able to walk around as long as they like, but they have to leave the lumber there when they go home. The way they were discovered was by nearly being arrested for trying to carry their own board out of a studio.

I want . . .
FIGHTING DOLLARS

America must be strong. Every man and woman must contribute their strength to the strength of America at war.

Some are carrying guns—some are flying planes—some are giving their blood on ships at sea

YOU on the home front must buy those guns—those planes—those ships. *That* must be your contribution to freedom under fire! BUY DEFENSE STAMPS AND BONDS TODAY—buy them with every penny you have to spare!

Popular Model

CORDUROY REEFER of natural color in wide wale weave with green flannel binding, is the knobby number Mary Mason—who plays the title role in Columbia network's "Maudie's Diary" series—wears over her warm jersey frock for the big game of the season. Notice the hand-wrought silver buttons and the youthful green felt hat with white feathers. (Lanz of Salzburg.)

Mount Rainier

Mount Rainier, in Washington state, was named after the British admiral, Peter Rainier, who figured in the American Revolution. The name was bestowed by Capt. George Vancouver, English navigator and explorer, in 1792.

Learn These Seven Points Right Now!

For the safety of all citizens in case of a war emergency of any kind, seven points were called to householders' attention by the San Mateo County Civilian Defense Council, this week.

It was advised by the council that the following information be posted in each home, or learned thoroughly by every member of the household.

1. Learn the location of the main light switch in the home.
2. Learn the location of the master valve for gas in the home, and learn how to operate it.
3. Learn the location of the main water valve.
4. Learn the location of the nearest fire alarm box, and use the alarm box rather than the telephone in case of a fire.
5. Learn the name, address, and telephone number of your personal physician.
6. Learn the address of the nearest emergency medical service unit.
7. Learn the name and address of the air raid warden in your district.

With this information, you should be able to call for every kind of help needed, and will be able to safeguard your own home in the event of bombing.
